

Funding Packages

Total Budget

€ 627.000

14 Solar Intervention
+ Environmental Education

16 Environmental Education

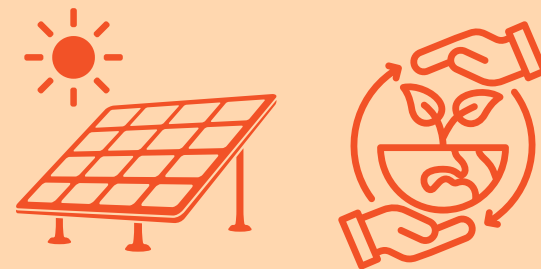

4,8 Energy Officer years

Includes investment in solar infrastructure, education and outreach, training, coordination, and monitoring

School Solar Intervention + Environmental Education

€30,000

Power a school and inspire lasting change.

€30,000 help provide reliable solar energy together with environmental education, eco-clubs and practical climate action in one school community.

School Environmental Education

€8,000

Equip students to become climate stewards.

€8,000 strengthen environmental education through workshops, eco-clubs, awareness materials and student-led climate action in one school.

horizont 3000

Energy Officer 1 Year for 1 Diocese

€15,000

Keep solar expertise in place for one full year.

€15,000 fund an Energy Officer to assess energy needs, plan solar installations, train staff, monitor and repair solar systems to ensure functionality over time.
